Type: Appeal **Status:** Agenda Ready

File created: 2/20/2020 **In control:** Board of Building Appeals

On agenda: 4/21/2020 **Final action:**

Title: The appeal of Tracie Winter, owner, to appeal the cited code violation of the Uniform Dwelling Code, section SPS 321.06 as referenced by section 16.01(b) of the City of Waukesha Building Code. The existing home was built in 1965; therefore, the owner is permitted to appeal the requirements as allowed by section 16.17 of the Waukesha Building Code. The appellant alleges that the provisions of the code do not cover the question of the existing headroom height that was permitted by the code in effect at the time of construction. If granted, this appeal would allow the headroom height in the existing building at 1907 Francis Street to vary from the requirements of the Uniform Dwelling code for new construction.
