

Legislation Text

File #: ID#15-2752, **Version:** 2

Public Works staff have brought this item to the committee for approval. In 2015, the City will be replacing the pavement on Summit Avenue from Sylvan Terrace to 300 feet east of N. Moreland Blvd. The roadway will remain approximately the same width but the lane use will change and parking will no longer be allowed on Summit Avenue in this area due to traffic volumes.

Recommended Motion: Move to approve No Parking Any Time on the south side of Summit Avenue from Sylvan Terrace to 250 feet east of the centerline of N. Moreland Blvd.
