File #: ID#17-0154, **Version:** 2

This referral was made by Public Works. Eales Avenue was reconstructed in 2015 and, with the completion of the E. Moreland Blvd. project, Eales Avenue is now a dead end street. Staff is proposing a No Parking zone at the west end of Eales Avenue at the dead end. A No Parking zone is needed at this end to keep vehicles out of the way of garbage trucks, potential emergency vehicles and snow plowing. Staff recommends approval of this zone.
