

## Legislation Text

---

**File #:** ID#17-0739, **Version:** 2

---

This item was referred by Public Works. In the subject location, there was a former transit stop that had No Parking signing associated with it. About 2 years ago, the transit stop for southbound Tenny Avenue, west side, was relocated to be closer to E. Sunset Drive. The signs related to the old stop were left in place. This request is to remove the old No Parking signing from the old transit stop and allow the area to revert back to open parking. Staff recommends approval of this item.
