File #: ID#17-1441, **Version:** 2

This item was requested by the Ald. Thieme on behalf of Horning Middle School. School buses stage on the west side of Wolf Road for pick up of students after school. Some buses cannot park on the west side if a car is parked there. The No Parking zones identified in this item will address parking in the areas where school buses need to line up. The Department of Public works does not have any issues with this request.
