File #: ID#18-0469, **Version:** 2

This item was brought forward by Public Works. The City is in the process of reconstructing South Street and Gaspar Street. The proposed street improvements will require several existing parking zones to be removed and several new parking zones to be formed.

This item is to rescind a No Parking, Loading zone on South Street. The zone was specifically installed and approved for a catering business on South Street. The new street layout will no longer require special signing for a loading zone in this area. The Department of Public Works recommends removal of this loading and no parking zone designation.
