

## Legislation Text

---

**File #:** ID#18-0840, **Version:** 2

---

This item was brought forward by Ald. Helgestad with support from Public Works. E. Main Street will be partially reconstructed in 2018 and Public Works has redesigned the street layout at the intersection of E. Main & N. East Avenue. The changes present an opportunity to provide more parking on N. East Avenue adjacent to the Waukesha County museum. The Department of Public Works supports this additional parking change.
