---

This item was brought forward by Public Works and Transit. About a year ago, Transit moved a bus stop located on the west side of Tenny Avenue to a location north of the Pick N Save driveway and removed the existing shelter. This bus stop location is now permanent and the request is to have the No Parking Zones adjusted for the reason to not have parked cars directly ahead of the bus stop pad. After further review, Engineering staff recommends that the entire length of the west side of Tenny Avenue from E. Sunset to north of the bus stop pad (370 feet) be No Parking Any time. The cost to adjust the No Parking zone will be around \$100.
