File #: ID#20-0028, **Version:** 2

This item was brought forward by Ald. Browne. Concerned residents have indicated that vehicles visiting 2000 Davidson Road park too close to the intersection and would like no parking signs installed. Item ID#20-0027 is also related to this issue. This subject referral would install No Parking at the eastern most driveway to 2000 Davidson Road and through the intersection to clearly define where parking is allowed. The total cost to install the sign for this parking zone would be around \$200.
