**The Carroll University Alumni "Art Bruvs"**

The "Art Bruvs" are a group of Wisconsin artists who met during their time attending Carroll University in Waukesha. These 6 friends enjoy exploring many kinds of artistic expression such as painting, drawing, photography, ceramics, sculpture, and more. The passion for their group work stems from several classes taken together at Carroll University and collaborating on diverse projects. This has continued into post-graduate work as the group still meets regularly to enjoy each other's company and be creative together.

They are very excited and honored to showcase their artwork at City Hall in Waukesha, the city where they all met.
