Agenda Item Title: Review and possible action on the Storm Water Management Practice Maintenance Agreement between the City of Waukesha and BLD KDV, LLC, for the property located between Center Rd. and Corporate Dr., north of Corporate Ct.	

Issue Before the Council: The property owner will be constructing storm water facilities at their development site to address storm water quantity and quality requirements. Storm Water Maintenance Agreements are required to be recorded by the City's Storm Water Management Ordinance. The Storm Water Agreement requires that the Owners regularly inspect and maintain the storm water measures installed as part of the development and report the results of the inspection to the City Engineer two times per year. If the Agreement is not approved, then the Owner may not maintain the stormwater facilities and conveyance channels.
Options & Alternatives: Not approving this agreement would not place a requirement of the development project to maintain new stormwater features.
Additional Details: See attached Stormwater Management Practice Maintenance Agreement between the City of Waukesha and BLD KDV, LLC.
