Options & Alternatives: Approve revisions as proposed. Modify proposed revisions. Deny revisions proposed.
Additional Details: Building Inspection is requesting revisions to 17.10 to make the application and issuance of rooming house licenses more efficient. The changes center around the timing of applications and inspections to help insure that all the necessary inspections are completed in a timely manner and place the responsibility of scheduling those inspections on the operator. In addition, if the application is complete and the applicant has passed all inspections, this revised ordinance would allow the Clerk to issue the license. If the staff sees a reason to deny the license a hearing would be scheduled before the Ordinance and License Committee to review the license
