Committee: Board of Public Works	BPW Meeting Date: April 9, 2026
ID Number: 26-03278	Ordinance/Resolution Number (if applicable):
Department Submitting: Department of Public Works	Council Meeting Date: April 21, 2026
Agenda Item Title: Review and possible action on the purchase of sewer castings for manholes and inlets for the various 2026 sewer and roadway projects.	

Issue Before the Board/Council: The Department of Public Works solicited quotes from various suppliers for the purchase of storm sewer and sanitary sewer castings for use on the various construction projects approved in the Community Investment Program (CIP).
Options & Alternatives: The castings for projects could be included in the project bids and supplied by the contractors; however, this would result in smaller orders, contractor markups, possible delays and higher costs.
Additional Details: The request for quotes was sent to five vendors resulting in two responses. Below are the prices that were received:
