City of Waukesha Cover Sheet

Committee: Board of Public Works	Meeting Date: 11/20/25
ID Number: ID#25-02533	Ordinance/Resolution Number: N/A
Department Submitting: Department of Public Works	Submission Date: 11/20/25
Agenda Item Title: Review and possible action on the Proposed 20	26 Sanitary Sewer Rates.

Issue Before the Council:

Review and Act on the Proposed 2026 Sanitary Sewer Rates at the request of the Clean Water Plant.

Options & Alternatives:

- 1. Approve Proposed 2026 Sanitary Sewer Rates.
- 2. Reject Proposed 2026 Sanitary Sewer Rates.

Additional Details:

Ehlers, the City's municipal financial advisor, has prepared our annual sewer rate model for the past 18 years. This model includes a detailed cost of service study for 2026 and an updated long-range cash flow analysis with a revised capital improvement plan. The 2026 Sewer Service Charge and Fee Schedule includes both the regular and Return Flow rates, itemized separately. Attachments:

- 1. Waukesha 2026 User Rate Presentation
- 2. 2026 Sewer Rate Model
- 3. 2026 Sewer Service Charge and Fee Schedule
- 4. Sewer Rates Resolution 2026

What is the Strategic Plan Priority this item relates to:

Financial Sustainability

What impact will this item have on the Strategic Plan Priority?

Setting correct rates now will continue to promote a balanced budget.

Financial Remarks:

Approval of the attached Sewer Service Charge and Fee Schedule with an effective date of January 1, 2026, is necessary to ensure adequate revenue to fund operations, maintenance and capital improvements for the treatment plant and collection system in the upcoming year. After the Department's review of the costs of operating and maintaining the City's sanitary sewer service and facilities, it has been determined that a 4.5% increase in user charges and fees are

required for 2026. The recommended rate schedule supports and maintains the City's 125% debt coverage requirement.

Suggested Motion:

Move to approve the proposed 2026 Sanitary Sewer Rates with an effective date of January 1, 2026.

2026 Sewer User Rate Review

November 20th, 2025

Presentation Overview

Background on sewer user rates

Factors affecting sewer user rates for 2026

Recommended User Rates for 2026

User rate comparison

User rate estimates for next 5-years

Questions

Background on Sewer User Rates

The City has annually completed a user rate review since 2008

In 2011 a long-range finance plan was prepared to estimate future user rate increases necessary to fund the annual debt service payments associated with future Treatment Facility and collection system projects

Updated annually in conjunction with user rate update

Goals:

Design rates that are fair and equitable for all customer classes

Recover the full revenue requirements for the Utility

Avoid rate spikes in any particular year

Factors Affecting 2026 Recommended User Rates

Relatively flat usage trends in the past year

- -0.03% decline in residential billable volume over past year
- Approximately 5.00% decline in industrial and public flows
- -0.15% overall decrease in billable flows over past year

Operating and Maintenance costs are projected to increase 2.16% in 2026

Planned 0% rate increases in 2024 and 2025

11/13/2025 4
