Subject: Proposed purchase of (3) TurboChef double batch rapid cook ovens.	

Details:

Meets City Budget FMP Objective – "Expand use of TurboChef rapid cook ovens"

TurboChef rapid cook ovens utilize top and/or bottom air impingement assisted by precise burst of RF energy to degree cook times by more than 80% without compromising quality. Hot food has greater margins and WPRF would be able to expand menus while using smart menu technology to push a button and walk away while items are cooking. This technology is used at Buchner and is yielding a higher rate of return.

Options & Alternatives:

Choose not to purchase the TurboChef reducing opportunity to expand menu and increase revenue.

Financial Remarks:

Capital Outlay Expense: \$40,000 budgeted in other Capital Special Revenue 5990.68190 (includes, oven, cart and electrical); \$20,000 budgeted in other Capital Horeb Pool 5320.68190 (includes, oven, cart and electrical). Recommend Low Price Quote of \$47,370.48 from Boelter

Executive Recommendation:

Recommend Approval of the TurboChef double batch rapid cook ovens from Boelter.
