22.12.01. General Provisions

- A. **Purpose.** For the purpose of interpreting this Section, certain words, concepts, and ideas are defined herein. Except as defined herein, all other words used in this Section shall have their common, ordinary, and accepted meanings, except that technical or specially-defined words are given their technical or special definitional meaning.
- B. **Applicability.** The rules of construction, interpretation, and measurement and the definitions established in this Section shall apply to all Sections of this Chapter, unless otherwise specified.

22.12.02. Rules of Construction and Interpretation

In interpreting the language of this Chapter, the following general rules of construction shall apply, unless explicitly stated otherwise in a particular use of a term or phrase. The requirements of this Chapter shall be interpreted and applied as the minimum requirements necessary to carry out the purpose of the Chapter and to promote public health, safety, and general welfare.

- A. **Mandatory.** The words "shall," "must," and "will" are mandatory in nature.
- B. **Permissive.** The word "may" is permissive in nature.
- C. **And / Or.** The term "and/or" means either or both of the subject and/or means some of all of the subject components.
- D. **Tense.** Words used in the present tense include the past and the future tenses and vice versa unless manifestly inapplicable.
- E. **Plurals.** Words used in the singular number include the plural number and the plural number includes the singular number, unless the context of the particular usage clearly indicates otherwise.
- F. **Computation of Time.** The time in which an act is to be done shall be computed by excluding the first day and including the last day. If a deadline or required date of action falls on a Saturday, Sunday, or holiday observed by the City, the deadline or required date of action shall be the next day that is not a Saturday, Sunday, or holiday observed by the City. References to days are calendar days unless otherwise stated.
- G. **Including.** The word "including" is considered non-exclusive unless stated otherwise.
- H. **Façade.** That portion of any exterior elevation on the building extending from grade to top of the parapet, wall, or eaves and the entire width of the building elevation.
- I. **Fractions.** When any requirement of this Chapter results in a fraction of a unit, a fraction of one-half or more is considered a whole unit and a fraction of less than one-half is disregarded. When

the determination of the number of dwelling units permitted on a lot results in a fraction of a dwelling unit, any fractional component is disregarded and rounded down to the nearest whole number.

J. **Text and Illustrations.**

1. In the event of a conflict or inconsistency between the text of this Chapter and any heading, caption, figure, illustration, or map, the text shall control.
2. Diagrams and other illustrations are provided for informational purposes only and should not be relied upon as a complete and accurate description of all applicable regulations or requirements.

K. **Person.** The word "person" means natural person, joint venture, joint stock company, partnership, association, club, company, corporation, business, trust, organization, or the manager, lessee, agent, servant, officer or employee of any of them.

L. **Used or Occupied.** The words "used" and "occupied" include the words "intended, designed, or arranged to be used or occupied."

M. **Lot.** The word "lot" includes the words "plot" and/or "parcel."

N. **On the Premises.** The phrase "on the premises," means "on the same lot."

O. **References to Other Regulations/Publications.** Whenever reference is made to a part of the City's municipal Code, this zoning Code/ Chapter, statute, regulation, or document, it shall be interpreted as a reference to the most recent edition or version of such regulation, manual, City's municipal Code, this zoning Code/ Chapter, statute, or document, unless otherwise specifically stated.

22.12.03. Rules of Measurements

Unless a particular use of a term or phrase in this Chapter explicitly states otherwise, the following general rules of measurement shall govern the application of the numerical standards in this Chapter.

- A. **Separation.** If a standard of this Chapter requires a use or development to be separated from another use or development by a minimum distance, that distance is measured as the linear distance (also referred to as 'as the crow flies') between the nearest property line of the subject use or development and the property line of the use or development from which the subject use must be separated.
- B. **Building Height.** The vertical distance measured from the average elevation of the proposed finished grade at the façade adjacent to the front lot line to the highest point of the building. See Section 22.02.11 for determining the highest point of the building for different roof types.
- C. **Story.** Where a minimum number of stories is required, each story shall have a minimum height of 10 feet. Unoccupied attics less than seven feet in height and raised basements less than six

feet in height, as measured from the average grade of the fronting sidewalk, shall not be considered stories. A mezzanine shall be considered a story where it is designed to be occupiable, is contiguous with at least 60 percent of the building's front façade, and maintains an average depth of at least 16 feet. A penthouse shall be considered a story where it exceeds one-third of the area of the roof. Under-roof areas with dormers shall not be considered stories.

- D. **Opacity.** The degree to which light or view is blocked, is measured perpendicular to the fence or screening structure for each fence/screening structure section between supports.
- E. **Maximum Setback.** At least 50 percent of the building frontage must meet the maximum setback.

22.12.04. "A" Definitions

- A. **Accessory Building / Structure** means a structure that is clearly incidental to and customarily found in connection with a principal building, is located on the same parcel and serves a principal building, and is subordinate in area, extent and purpose to the principal building served. Accessory Buildings / Structures include, but are not limited to:
 - a. **Enclosed Accessory Building / Structure** means an accessory structure that is fully enclosed by walls and a roof, such as garages, sheds, or similar structures.
 - b. **Open Accessory Structure** means an accessory structure that is not fully enclosed by walls and is typically supported by posts or columns, such as pergolas, gazebos, arbors, trellises, or similar structures.
- B. **Accessory Commercial Playground** means an outdoor play area or play equipment that is provided in connection with a principal commercial use and is intended for use by individuals visiting or using the principal use. The playground is located on the same lot and is incidental and accessory in scale and function.
- C. **Accessory Commercial Unit** means an occupation or profession conducted within a dwelling unit or building accessory to the dwelling unit by a resident of the dwelling unit that is incidental to the primary use of the dwelling as a residence. Accessory Commercial Units may be visible from the frontage, receive clients/customers without appointment, and have non-resident employment.
- D. **Accessory Dwelling Unit** means a dwelling unit located on a lot, that is incidental and subordinate to the principal dwelling. An Accessory Dwelling Unit may be detached, such as a cottage, or attached to the principal dwelling, such as an attic or basement apartment.
- E. **Accessory Service Facility** means maintenance buildings, storage structures, restrooms, concession stands, administrative offices, or similar support facilities that are incidental and subordinate to the principal structure(s) or use(s) on the same property.

- F. **Accessory Use** means a use subordinate to the principal use in terms of area, extent, and purpose that contributes to the comfort, convenience, or necessity of occupants of the principal building or principal use served and is located on the same lot as the principal use served.
- G. **Adult-Oriented Establishment** means any premises required to be licensed under Section 8.195 of the Waukesha Municipal Code.
- H. **Agriculture** means farming in all its branches, including cultivation and tillage of the soil; dairying; production, cultivation, growing, and harvesting of any agricultural or horticultural commodity; raising of livestock, bees, furbearing animals, or poultry; and any practice, including any forestry or lumbering operations, performed on a farm in conjunction with farming operations, including preparation and delivery of produce to storage, to market, or to carriers for transportation to market.
- I. **Alley** means a legally established public right-of-way more than 10 feet and less than 30 feet in width that provides secondary access to abutting property.
- J. **Alternative Education Facilities** means a use that provides instructional or academic services through non-traditional or supplemental educational programs, including tutoring, test preparation, enrichment programs, learning centers, and similar services, and that is not classified as a school.
- K. **Animal Boarding Facility** means a facility for the boarding, training, or grooming of dogs and cats, excluding breeding sales of animals as regulated in Section 33.06 of the Waukesha Municipal Code.
- L. **Animal Hospital** means an establishment that includes services by license practitioners of veterinary medicine, dentistry, or surgery for animals; daycare and after-hours care; and training. Excludes non-patient care boarding.
- M. **Antenna** means any structure or device used for the purpose of collecting or radiating electromagnetic waves, including but not limited to directional antennas, such as panels, microwave dishes, and earth station dishes, television broadcast satellite dishes, and terrestrial antennas.
- N. **Artisan Manufacturing** means a fully indoor small-scale business that produces goods or specialty foods, primarily for direct sales to consumers, such as artisan leather, glass, wood, paper, ceramic, textile and yarn products, and baked goods. This land use includes the design, processing, fabrication, assembly, treatment and packaging of products; as well as the incidental storage, sales and distribution of such products. This land use does not include uses producing noise, odor, vibration, or similar impacts perceivable by the natural senses outside of the structure or portion of the structure where the use is located.
- O. **Automated Teller Machine (ATM)** means a computerized, self-service machine used by banking customers of financial institutions, including deposits, withdrawals, and fund transfers, without face-to-face contact with financial institution personnel.

- P. **Auto Dealership and Rental** means an establishment required to be licensed in accordance with Wis. Stats. § Chapter 218, which may have showrooms or open lots for selling, renting, or leasing automobiles, light trucks, motorcycles, and ATVs.

22.12.05. "B" Definitions

- A. **Basement** means a portion of a building partly or entirely underground whose ceiling or underpart of the floor above is four feet or less above the average finished ground elevation. The "average finished ground elevation" is the mean elevation of the finished grade around all of the exterior of the building.
- B. **Bed and Breakfast / Short-Term Rental** means any residential property which offers a maximum of 10 rooms for short-term overnight sleeping accommodation, for less than 30 days, in exchange for compensation.
- C. **Berm** means an earthen mound designed to provide visual interest, screen undesirable views, and/or decrease noise.
- D. **Bicycle Parking.**
- a. **Short-Term Bicycle Parking** means a designated area for temporary bicycle storage (less than two hours), typically near building entrances, with simple racks or other bike storage solutions.
 - b. **Long-term Bicycle Parking** means a secure, weather-protected area for bicycle storage intended for longer-term use (several hours or more).
- E. **Bioretention area** means an excavated area that is backfilled with a prepared or amended soil mixture, which may or may not be covered with a mulch layer and planted with a diversity of woody or herbaceous vegetation, to which stormwater is directed to promote filtration, infiltration and/or evapotranspiration. Such an area may also be known as a "rain garden".
- F. **Boulevard.** See Median.
- G. **Brewery** means an establishment primarily engaged in the brewing of ale, beer, malt liquors, and/or nonalcoholic beer that are permitted to do so in accordance with the State of Wisconsin Department of Revenue. Breweries have a capacity of 15,000 barrels or more per year (see also definition for Micro-Brewery for under 15,000 barrels). The definition includes a public tasting room, and retail sales of ale, beer, or related products brewed or manufactured on site.
- H. **Buffer** means a combination of physical space and vertical elements, such as plantings or fencing, used to separate and screen incompatible land uses from each other.
- I. **Building** means a structure having a roof supported by columns or walls.
- J. **Building, Principal** means a building in which is conducted the principal use of the lot on which it is situated (includes attached garages).

22.12.06. "C" Definitions

- L. **Commercial Kitchen** means a facility containing a kitchen or kitchens in which food is prepared for off-site consumption.

- M. **Commercial Recreation, Indoor** means an establishment offering recreation or providing entertainment or games of skill to the general public for a fee or change and wholly enclosed in a building.
- N. **Commercial Recreation, Outdoor** means premises with outdoor athletic or entertainment facilities for commercial purposes.
- O. **Community Living Arrangement** means facilities licensed and operated or permitted under the authority of the Wisconsin Statutes for the care and maintenance of residents, not members of the same family, including, but not limited to halfway houses, community living arrangements under Wis. Stats. § 48.743, foster homes under Wis. Stats. § 48.02(6), or an adult family home under Wis. Stats. § 50.01(1). Does not include commercial childcare centers, nursing homes, general hospitals, special hospitals, prisons, or jails.
- P. **Community Services Facility** means a permanent, stand-alone facility designed to provide support services to individuals in need. Primary services include temporary shelter and food provision. Incidental services may include educational programs, medical care, and other forms of assistance. This definition does not encompass emergency shelters, hazard shelters, or clothing/food donation centers, which are considered accessory uses.
- Q. **Conditional Use** means a use which requires approval of a Conditional Use Permit by the Plan Commission and subject to any conditions thereof, as granted under Section 22.11.08, but does not include a variance.
- R. **Construction-Related Activity** means a temporary construction activity, such as offices, equipment storage, or material staging, allowed for the duration of a specific construction project.
- S. **Contractor's Office** means a modular or portable office or storage structure for use by a contractor during construction activity.
- T. **Contractor's Yard** means a place where stone, gravel, sand, cement, brick, brick tile, cement tile, tile sewer pipe, wood, lumber or other building materials are stored or kept for sale.
- U. **Co-Working Space** means a neutral, non-exclusive, limited shared space defined in a membership-based service arrangement or agreement or subscription wherein a firm has no tenancy interest, leasehold estate, or other real property interest with respect to the accommodation on an as-needed basis. The agreement gives the firm a right to share the use of the space and may include an exclusive mailing address and office services. An executive suite/exclusive desk/dedicated desk/secured suite/private office under a co-working space agreement falls under this definition.
- V. **Crematory** means a facility containing properly installed, certified apparatus intended for use in the act of cremation.

22.12.07. "D" Definitions

- B. **Development** means one of the following:
- a. The construction, erection, alteration, enlargement, renovation, substantial repair, movement to another site, or demolition of any structure, or
 - b. The excavation, grading, filling, clearing, or alteration of land.
2. **New Development** means development proposed on undeveloped sites or on previously developed sites after the demolition of existing buildings and site elements.
- C. **Diameter at Breast Height (DBH)** means the diameter of a tree, measured in inches at a point 54 inches above the ground. If the tree splits into multiple trunks at a height below 54 inches, but above the ground, the diameter is measured at the highest point beneath the split.
- D. **Distillery** means an establishment primarily engaged in the manufacturing of fortified spirits that is permitted to do so in accordance with the State of Wisconsin Department of Revenue. Distilleries have a capacity of more than 25,000 gallons per year (see also definition for Micro-Distillery for under 25,000 gallons). The definition includes a public tasting room and retail sales of spirits or related products manufactured on site.
- E. **Driveway** means a private vehicular access area that connects a public or private street, alley, or internal access drive to a lot or development site and provides access to garages, carports, parking areas, or buildings. Driveways are distinct from internal access drives and drive lanes.
1. **Residential Driveway** means a driveway serving a one- or two-unit residential use. A residential driveway includes an area used for vehicular parking that may be counted toward required off-street parking in accordance with this Subsection 22.06.04 of this Chapter. A residential driveway does not include pedestrian walkways, sidewalks, patios, terraces, steps, or other areas designed exclusively for pedestrian use.
 2. **Nonresidential Driveway** means a driveway serving multi-unit residential, mixed-use, commercial, institutional, industrial, or other nonresidential uses. A nonresidential driveway is used for vehicular access and circulation and is not counted as an off-street parking space.
- I. **Dwelling Unit** means a room or a group of rooms including cooking accommodations, occupied by one household unit.
- J. **Dwelling, Cottage Home / Tiny Home Court** means a group of small-scale, detached dwelling units on permanent foundation located on a single lot or individual lots and arranged around a shared court visible from the street.

- K. **Dwelling, Duplex, Side-by-Side** means a residential building containing two dwelling units located beside one another, each with a separate exterior entrance, and separated by a common vertical wall.
- L. **Dwelling, Duplex, Stacked** means a residential building containing two dwelling units arranged one above the other, with either separate exterior entrances or a shared entrance serving both units.
- M. **Dwelling, Live-Work Unit** means an attached residential building type with a small commercial enterprise on the ground floor and a residential unit above or behind with a common tenant in both spaces.
- N. **Dwelling, Mobile Home Park** means a parcel (or contiguous parcels) of land divided into two or more manufactured home lots for rent or sale.
- O. **Dwelling, Multi-Unit, 5-8 Units** means a residential building, or group of buildings on a single lot, containing five to eight dwelling units arranged side-by-side or stacked vertically, including units located above garages. This use does not include dwelling units located above a ground-floor nonresidential use, except where no more than one or two dwelling units are provided. This use does not include any other dwelling type defined by this Chapter.
- P. **Dwelling, Multi-Unit, More than 8 Units** means a dwelling containing eight or more separate residential units, intended for occupancy by multiple families or households.
- Q. **Dwelling, Multi-Unit, Above Ground Floor Only** means one unit or more located above a ground floor non-residential use. The separate uses do not have to be inhabited by the same party.
- R. **Dwelling, Multi-Unit, Building Complex** means a site containing multiple multi-unit residential buildings developed as part of a single project or on a single lot.
- S. **Dwelling, Multi-Unit, Rear Ground-Floor** means a residential unit located on the rear portion of the ground floor in a multi-unit building, typically situated behind commercial or retail uses at the front. The unit provides independent living spaces, including sleeping, cooking, and sanitary facilities, with direct access to the exterior or common areas of the building, ensuring accessibility for residents while maintaining the functionality of the building's front storefronts.
- T. **Dwelling, Quadplex** means a single detached dwelling on a lot that contains four dwelling units.
- U. **Dwelling, Rowhome.**
 - 1. **Rowhouse Unit** means a single dwelling within a rowhouse cluster, located on an individual lot, and sharing at least one common wall with an adjacent dwelling unit.
 - 2. **Rowhouse Cluster** means a residential building containing three or more rowhouse units, but not more than eight, stacked horizontally and developed as a unified structure. Each unit has its own exterior entrance and is located on an individual lot.

- V. **Dwelling, Single-Family Detached** means a detached dwelling containing one dwelling unit intended for use by one family.
- W. **Dwelling, Triplex** means a single detached dwelling on a lot that contains three dwelling units.

22.12.08. "E" Definitions

- A. **Erosion** means the process by which the land's surface is worn away by the action of wind, water, ice, or gravity.
- B. **Erosion and Sediment Control Plan** means a plan developed to address pollution caused by erosion and sedimentation of soil particles or rock fragments during construction.

22.12.09. "F" Definitions

- A. **Fence** means any structure composed of wood, iron, steel, masonry, stone or other material and erected in such a manner and in such location as to enclose, secure, partially enclose or secure, provide privacy, decorate, define or enhance all or any part of any premises.
- B. **Financial & Professional Services** means an establishment that engages in financial transactions that create, liquidate, or change ownership of financial assets.
- C. **Flea Market** means an occasional or periodic market held in an open area or structure where goods are offered for sale to the general public by individual sellers from open or semi-open facilities or temporary structures.
- D. **Fleet Fueling Facility** means the dispensing of gasoline or other automotive fuels for vehicles owned, leased, or operated by a business or government entity on the same premises, and not available to the general public. Such facilities are incidental and subordinate to the principal use and may include fuel pumps and storage tanks.
- E. **Fleet Vehicle Storage / Maintenance** means an indoor or outdoor area for the storage of motor vehicles owned or leased by a business, government agency, or other organization rather than by an individual(s) and an accompanying indoor area for vehicle service work. Maintenance may include fueling of fleet vehicles but does not include sale of vehicle fuels.
- F. **Food Truck** means a motorized or towed wheeled vehicle that is designed, equipped and used to prepare, or serve, and sell food at a transitory or static location, and is not situated in a permanent structure as an accessory to a business located in the structure for purposes of primarily serving patrons of the business.
- G. **Food Truck Court** means a permanent site for the location of multiple food trucks simultaneously.
- H. **Footcandle** means a unit of measure indicating the amount of light that reaches a surface, equal to one lumen per square foot.

- I. **Foster Family Home** means the primary domicile of a foster parent which is for four or fewer foster children and which is licensed pursuant of Wis. Stats. § 48.61.
- J. **Funeral Home** means an establishment for preparing the dead for burial or interment and conducting funerals (i.e. providing facilities for wakes, arranging transportation for the dead, indoor stonecutting, and selling caskets and related merchandise). Funeral Homes may include accessory Crematoriums.

22.12.10. "G" Definitions

- A. **Garage, Accessory** means a fully enclosed building used for the parking or storage of vehicles associated with the principal use on the same lot.
- B. **Garage / Rummage Sale** means the temporary sale of personal property from a residential dwelling.
- C. **Garden Center (with Outdoor Storage)** means a facility for the cultivation of plants within an enclosed environment on a commercial basis. Includes plant and tree nurseries.
- D. **General Manufacturing** means a non-residential use involving the manufacturing, processing, fabrication, compounding, or assembly of products or materials that may generate noise, vibration, odor, truck traffic, or other impacts that are greater than a Light Industrial use but do not rise to the intensity of Heavy Industrial operations. Activities are conducted primarily within enclosed buildings, with limited outdoor storage or operations.
- E. **General Retail** means a retail establishment engaged in the sale of products or merchandise to customers for their personal use or consumption and not for resale. This use may include ancillary services customarily associated with retail sales or small-scale retail operations.
- F. **General Service.** means non-residential use providing routine or frequent services to customers, clients, or the general public, including repair, maintenance, cleaning, rental, personal assistance, or similar service activities conducted within an enclosed building.
- G. **Grade** means the average elevation of the finished ground.
- H. **Green Infrastructure** means any combination of landscaping, facilities, or equipment that captures rain at or near the site where it falls through infiltration, evapotranspiration, or storage for beneficial use or delayed discharge. Green infrastructure includes, but is not limited to, amended soil areas, bioretention areas, biofiltration areas, stormwater trees, vegetated or biofiltration swales, landscaping with deeply rooted plants in amended soil, rain barrels, permeable pavements, planter boxes, and vegetated buffer strips, as well as the removal of structures or pavements to allow revegetation.
- I. **Grocery Store** means a retail establishment that sells food, beverages, and household goods for off-site consumption, and may include ancillary services such as a pharmacy, bakery, deli, or prepared-food area.

22.12.11. "H" Definitions

- A. **Home Occupation** means any occupation customarily conducted for gain or support entirely within a dwelling or accessory building by a member or members of a household unit while residing in said dwelling, and which is clearly incidental and secondary to the residential use of the premises and does not change the character thereof.
- B. **Hospital** means an institution providing in-patient care and treatment for individuals with physical or mental disabilities, illnesses, addictions, or injuries.
- C. **Hotel / Motel** means a building or portion thereof in which guestrooms are provided for occupancy for daily rate compensation by transient guests.

22.12.12. "I" Definitions

- A. **Impervious Surface** means an area that releases as runoff all or a large portion of the precipitation that falls on it, except for frozen soil. Rooftops, sidewalks, driveways, gravel, or paved parking lots and streets are examples of areas that typically are impervious.
- B. **Industrial** means non-residential uses involving manufacturing, processing, fabrication, assembly, treatment, research, testing, storage, or distribution of materials, products, or equipment. Industrial uses may generate varying levels of noise, vibration, odor, dust, emissions, truck traffic, or other operational impacts depending on the scale and intensity of the activity.
 - 1. **Heavy Industrial, Indoor** means a non-residential use involving manufacturing, processing, fabrication, assembly, treatment, or handling of materials where operations may generate substantial noise, vibration, odor, emissions, truck traffic, or other impacts. All principal operations are conducted within enclosed buildings; however, the intensity of activities exceeds Light Industrial uses. Outdoor activity is limited to loading, unloading, and incidental storage that is clearly secondary to the indoor operations.
 - 2. **Heavy Industrial, Outdoor** means a non-residential use involving manufacturing, processing, material handling, storage, equipment operation, or similar high-impact industrial activities conducted primarily outdoors. These uses typically generate substantial noise, vibration, odor, dust, truck traffic, or other external impacts and may include large-scale equipment, bulk material storage, or outdoor processing operations. Enclosed buildings may be present but are incidental to the primary outdoor industrial activity.
 - 3. **Light Industrial, Indoor** means a non-residential use involving manufacturing, assembly, fabrication, processing, research, development, or testing conducted entirely within an enclosed building and producing minimal off-site impacts. Noise, odor, dust, vibration, and emissions shall not be detectable beyond the building exterior. Operations typically involve smaller-scale equipment and limited truck traffic.

4. **Light Industrial, Outdoor** means a non-residential use involving primarily indoor light industrial activities with limited outdoor components that are incidental and subordinate to the principal use. Outdoor activities may include equipment staging, screened storage, or loading areas, provided impacts such as noise, odor, dust, and vibration remain minimal and are appropriately screened or buffered.

C. **Infiltration** means the entry of precipitation or runoff into or through the soil.

D. **Invasive Species** means nonindigenous species of plants whose introduction causes or is likely to cause economic or environmental harm or harm to human health (Wis. Stats. § 23.22(1)(c)).

[RESERVED]

F. "K" Definitions

[RESERVED]

G. "L" Definitions

A. **Land Disturbing Activity** means a use of the land by any person in residential, industrial, educational, institutional, or commercial development, highway and road construction and maintenance, that results in a change in the natural cover or topography and that may cause or contribute to sedimentation.

B. **Land Use Plan** means the element of a comprehensive plan, adopted under Wis. Stats. Section 66.1001, that identifies the general location and type of future land uses within the city and its extraterritorial area. It guides zoning, subdivision, and public improvement decisions to promote orderly growth and ensure consistency with adopted goals and policies.

C. **Landscaping** means the installation and maintenance of any combination of trees, shrubs, grasses, and other live plant material, which shall not include soil, uncultivated vegetation, and gravel.

D. **Lawn** means an area of a yard vegetated chiefly with cultivated turfgrass or turfgrasses.

E. **Loading Area** means an area provided outside the public right-of-way and on the same lot with a building or contiguous to a group of buildings for the temporary parking of a commercial vehicle loading or unloading merchandise and materials.

F. **Lot** means the entire parcel of land occupied or to be occupied by a main building and its accessory buildings, or by a group of buildings, including the yards and open spaces required therefore by this title and other applicable law.

G. **Lot, Corner** means a lot abutting on two intercepting or intersecting streets where the interior angle of intersection or interception does not exceed one hundred thirty-five degrees.
