

H 73

I enjoy cigars and I want the ability to buy from a distributor. I would sell to only a few people, my brothers, and I have 1 friend.

The business will be housed in my side by side condominium at the address shown. I will use my home office for paperwork.

My sales will be delivered by me to the customer's address. I will not be stocking product, except for my personal use. My distributor will stock any product I need. Customers would not come to my home.
