Dear Kori Johnson-Lane,

We have received the architectural report and completed our review of WHS #25-0593, EPA- Water Supply Program and Monitoring- Waukesha and find that no eligible properties will be affected as no properties eligible for the National Register are present. Pending no additional comments or concerns from the Waukesha Historical Society, or the Waukesha Landmarks Commission received by May 21, 2025 you are free to proceed with the work.

It is the opinion of the WI SHPO you have fulfilled your section 106 of the National Historic Preservation Act (NHPA) consultation requirements with our office. If your plans change or cultural materials/human remains are found during the project, please halt all work and contact our office.

Please use this email as your official SHPO concurrence for NHPA requirements of the project. If you require a hard copy signed form, please contact me and I will provide you a signed copy as soon as possible.

Sincerely,  
Felipe Avila
