@jenna\_brownlee 

My name is Jenna Brownlee and I am a Des Moines, Iowa native, painter and muralist. After studying multiple mediums of art at the Des Moines Art Center, I received a Bachelor of Fine Arts in Graphic Design and Entrepreneurship Certificate from the University of Iowa. I worked as graphic designer for 10 years which has served me well for project management, consensus-building, conceptualization and bringing this project's goals and objectives visually to life. I am a full-time professional artist, was the 2023 Des Moines Arts Festival Featured Artist, am represented by Liz Lidgett Gallery + Design and am an international muralist having painted over 60 murals.

I create concepts that enliven spaces and serve community needs. I am an expert in translating content and vision into intentional design-work that highlights rich community values through iconic joyful imagery to capture and celebrate a sense of place. This project will strengthen my artistic career while contributing cultural vibrancy. Several professional goals will be achieved

through this work: projecting Iowa's artistic talents by expanding my practice into other markets and spreading my geographical footprint, executing large-scale through a contemporary design aesthetic.

As an advocate for city pride, investing in our communities through art celebrates uniqueness, strengthens advocacy and creates a vibrant neighborhood for patrons. I find joy in bringing a sense of togetherness and celebrating inclusion through art while enhancing the cultural landscape. With a mission to make people happy through art, my work is often inspired by nature and positivity with uplifting themes using vibrant colors, collages of abstract shapes, botanicals and lettering.

**PORTFOLIO: WOVEN BLOOMS (WALL 1), 2025**

Krasny Square, Cedar Rapids, Iowa – 25x20' exterior mural, brushed acrylic

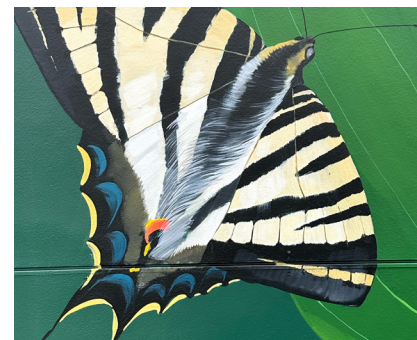

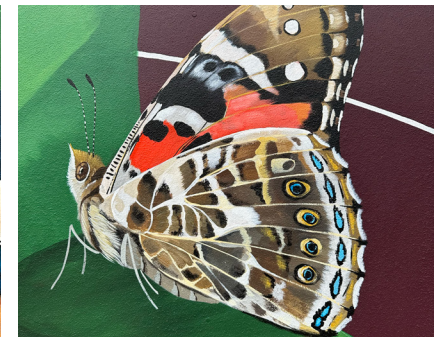

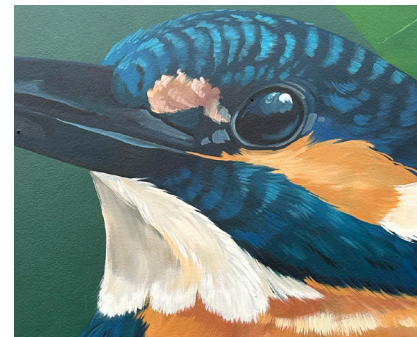

This mural is one of three installments in the Czech Village. The design is inspired by the historic arts and cultural district rooted in Czech and Slovak heritage. Wildlife elements included are native to both Iowa and the Czech Republic with a modern spin on Alphonse Mucha's style, famous Czech art nouveau painter and illustrator detailed with traditional folk textile patterns.

**PORTFOLIO: WOVEN BLOOMS (WALLS 2 & 3), 2025**

Krasny Square, Cedar Rapids, Iowa – 18,20' & 12x16' exterior mural, brushed acrylic

The second and third installments of Woven Blooms continue storytelling of the Czech Village culture through nature, art, textiles and architecture in a joyful collage to complete the trio of designs as a set. Each element included was intentionally selected to showcase national and local symbolism and representation.

**PORTFOLIO: PURA VIDA, 2024**

Amherst Real Estate, Heredia, Costa Rica - 30x10' interior mural, brushed acrylic, \$20,000 artist fee

This piece was commissioned by Amherst, a real estate company with headquarters in Austin, Texas and Heredia, Costa Rica. The design captures a sense of place through iconic imagery representing life, landscape and culture with a sunrise in Austin, sunset in Costa Rica and Amherst organizational values (homes, families) at the center connecting the two locations.

**CONCEPT:**  
**WISCONSIN WILD**  
**12x12' (144sf)**  
**six vinyl panels**

This robust collage of a thriving ecosystem is buzzing with life to represent growth, resilience and positivity. Oversized, dreamlike wildlife native to Wisconsin is the star of this show, surround by bold yet hidden type in the wild. "WILD" is a play on words for the wildlife included while the split word subtly highlights the state abbreviation, making for a bold and playful image that draws the viewer in for a photo op. Wildlife includes:

- ground cherry
- wild prairie rose
- state bird - robin
- sneezeweed
- yellow/orange fly agaric mushrooms
- arrowhead
- zebra swallowtail butterfly
- ruby throated hummingbird
- American lotus
- state flower - common blue violet
