

To: The Mayor and Common Council City of Waukesha

I am writing today to place my name into consideration to fill the vacated seat in the city's 11th Aldermanic district created by the election of Alderperson Halvensleben as Mayor in the recent election.

I have broad experience in City Government as I served as 4th district Alderman from 1987 to 1998. I believe that my experience and commitment to public service in our community suits me well to fill this void.

The city faces many challenges in the next couple years that require experience, dedication to the community and its citizens, open mindedness and no political agenda, other than what best serves the needs of our community to move Waukesha forward. I know this community, Its History and its possibilities.

I look forward to talking with you further.

Thank you,

Timothy J Nekich

A handwritten signature in black ink that reads "Timothy J. Nekich". The signature is written in a cursive style with a large initial 'T'.

TIMOTHY J. NEKICH
